

Working together to transform lives through organ and tissue donation.

Candlelight Tribute

Over 700 people attended three 2016 Candlelight Tribute ceremonies to honor their loved ones. Events were held in Altoona, Coralville and Sioux City.

Iowa Recognition of Performance Excellence

IDN is proud to have been selected as one of only two silver award recipients by the Iowa Quality Center. The honor follows a bronze award the year before. Governor Terry Branstad presented IDN with the award during a recent ceremony.

The final Nicole Richardson Memorial Golf Tournament was held in July, 2016. Over seven years, the annual event raised \$178,000 for local organizations, including IDN. A huge thanks to Nancy Richardson and Charlie Krogmeier and Guy and Katie Richardson for all of their work supporting and promoting organ and tissue donation over the last decade.

Nicole Richardson Memorial Golf Tournament

The 2016 Donor Dash 5K in North Liberty saw over 420 runners, dashers and walkers take part to honor, to give hope and to heal. In the process over \$30,000 was raised with most of the funds going to Team Iowa – a group made up of transplant recipients, living donors and donor families who represent the state at the Transplant Games of America.

#facesofdonation

Launched in April 2016 to kick off Donate Life Month, the #facesofdonation social media campaign has been seen by over a million people and has inspired thousands more to register as organ and tissue donors. Thanks to the 99 volunteers and donation advocates who have so far shared their story for the campaign and to donor mom, Jenelle Shamrell, who helped capture some of the images.

DONOR NETWORK

Iowa Donor Network was heartbroken by the passing of employee Mike Nelson as a result of a fire in his home in September of 2016. For seven years, Mike was an incredibly well respected and valuable member of our Tissue Recovery Team. Mike's positive attitude and strong work ethic made him a beloved member of the IDN Family. During his years of employment, Mike received several "Core Value Recognition Pins." Pins are awarded to employees that have exemplified IDN's values and can only be submitted by co-workers. Mike believed strongly in IDN's mission, so much so that IDN was able to partner with LifeSource, the organ and tissue recovery agency in Minnesota, to ensure Mike's final wishes to be a donor were honored. In one last act of kindness, Mike was able to heal lives through tissue and eye donation.

The Ripple Effect – Donate Life Conference

2016 saw the biennial Ripple Effect – Donate Life Conference hosted by IDN in Altoona. Over 230 medical professionals attended helping them build skills in supporting families in crisis, leading change in healthcare and optimizing donation and transplantation.

IDN continues to have a close relationship with the Iowa Department of Transportation. IDN was honored to speak at several DOT conferences as well as rollout a new campaign, I am HOPE. Are you? featuring NASCAR driver Joey Gase. Funded by the Nicole Richardson Memorial Foundation, the project involves 11 pilot DOT driver's license issuance stations across the state showing signage promoting organ and tissue donation and offering I am HOPE stickers, much like the I voted stickers during elections, to each new person who adds their name to the Iowa Donor Registry.

The 9th edition of the Green 5K attracted over 600 participants in 2016. In time for the 10th anniversary of the Waukee event, Iowa Donor Network partnered up with My Angel Foundation to make the 2017 run and walk the best and biggest yet!

Donate Life Float at the Rose Parade

Thanks to a grant from the Gerdin family, IDN was honored to send a donor family, liver recipient and living donor to represent the state on the Donate Life float at the 128th Tournament of Roses Parade. The float was made up of 1,000 white Akito roses dedicated to specific donors, 24 recipients and 60 floral portraits. One of the floragraphs honored Dyllan Clay Lawson from Moulton. The 19-year-old, who was majoring in pre-medicine at the University of Iowa, passed away in 2011. Dyllan was able to save the lives of four people through organ donation and help over 50 more through tissue and cornea donation. Along with over 700,000 onlookers, Dyllan's family had a once-in-a-lifetime opportunity to honor his legacy in Pasadena, California. Liver recipient Carlie Newton and her mom and living donor, Cindy, rode and walked beside the float respectively along its 5.5 mile route in front of a televised audience of over 50 million.

For the sixth year in a row, IDN was honored by The Des Moines Register as a Top Workplace based on workplace surveys completed by employees. IDN was ranked the 8th best midsize organization to work for in the state.

CEO Suzanne Conrad reflects on her 20 years at Iowa Donor Network

"What I have always loved about working at IDN is the people. I get the pleasure of spending time with donor families. I have treasured the gift of donation from their loved one and it has been an honor to call many donor families friends. The employees that I have been able to work with truly inspire me. Their dedication to providing the best possible service for our families encourages me to do the same each day. I have also been very fortunate to have an excellent Board of Directors and Medical Advisory Committee over the last 20 years. Their talents and creativity has helped Iowa Donor Network achieve so much. To everyone that has been part of my experience at Iowa Donor Network, thank you!"

We appreciate the contributions
from our donors aimed at
supporting organ and tissue
donation in Iowa. We have
worked to ensure the accuracy
and inclusion of all of our donors
in this annual report and
apologize for any errors or
omissions.

#facesofdonation

"I know that I wasn't
granted my miracle,
but others were theirs
because of my
daughter's donations,
which brings me and
my family peace."
