Generosity at Work

Every dollar helps Iowa Donor Network meet our mission of working together to transform lives through the gift of organ and tissue donation. Below are some of the programs and services contributions help support.

Events	Impact
Give Life 5K (Previously Green 5K)	In 2023, more than 700 individuals attended the Green 5K, coming together to pay tribute to loved ones impacted by organ, eye, and tissue donation. The event fosters community unity and provides individuals with the opportunity to share their personal stories and connect with others. The event successfully raised over \$65,000 for Iowa Donor Network and supports programs including donor family support, public outreach, and clinical excellence.
Team Iowa	At the 2022 Transplant Games of America, Team Iowa was represented by 20 athletes, and over 45 supporting members. Bringing back the Team Cup, Team Iowa was able to make an impact and share their story with the thousands of athletes and supporters attending, along with national coverage of the event.
Candlelight Tribute	140 Donors were honored at the Eastern Iowa, Central Iowa and Virtual Candlelight Tributes in 2023. The 300+ loved ones in attendance were able to honor their loved one and share memories with individuals who have walked a similar path to them.
