EMS CHALLENGE COINS

This year, Iowa Donor Network's Hospital and Partner Relations team began awarding their newly created EMS Challenge Coins to EMS providers who transport patients that go on to become organ donors. The coin recognizes the extraordinary contributions of EMS professionals to the gift of organ and tissue donation. Each coin bears the inscription, 'Saving Lives Beyond the Call,' symbolizing the indelible mark EMS partners leave on organ recipients and their loved ones. In 2024, the team awarded a total of 40 coins and completed 13 award ceremonies. While many more agencies transported patients with their crews, these 13 ceremonies represent the progress made this year in honoring the invaluable contributions of EMS providers.

GENEROSITY

STACI STANTON DONOR DAUGHTER AND IDN VOLUNTEER

"Life as I knew it came to a screeching halt on Thanksgiving evening of 2020 upon hearing my dad was gone. In the blink of an eye, I lost my biggest cheerleader and person I always turned to for advice. In the aftermath, Iowa Donor Network was one of the few lifelines amidst the shock of grief. I'm grateful to be a part of the IDN family where donors and their families are not forgotten. This is a community that understands donation is a precious gift that often comes at the loss of a life that is as equally precious. I miss my dad every day and I have always wanted to follow in his footsteps which now includes being an organ donor myself. I've always been proud of my dad and I appreciate any chance to talk about his generosity, in life and beyond."
